Paradisiac Publishing, United States, 2012. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. Unemployed, depressed, and ten thousand dollars in debt, one fed-up comedian moves from the Pacific Northwest to outer-borough New York City. His resume reads like the ingredient list on a pack of Marlboros, his video-game addiction is rivaled only by that of his cell phone, and he fires his therapist in favor of a ten-speed bicycle. He knows a life well-lived is one that costs some skin; through dating disasters, employment mishaps, tested friendships, financial upheaval, dieting backslides, Occupy protests, gay marriage disputes, and opening days of comic-book blockbusters, he may not exactly be on the verge of putting it all back together, but he s well on his way to discovering the existential glue that will. This debut collection of narrative nonfiction essays from a noteworthy new talent is gritty and dark, yet quirky and eccentric, with pitch-perfect metaphors aplenty and a nearly Sisyphean humor derived from both inner and environmental struggle. Boasting a fresh, comedic-noir style, these are the trench-warfare tales of every tenacious, heartsick, alienated dude who just wants break through the irony-saturated din and find meaning on the other side.
