

The American Naturalist Volume 48

By Essex Institute

RareBooksClub. Paperback. Book Condition: New. This item is printed on demand. Paperback. 228 pages. Dimensions: 9.7in. x 7.4in. x 0.5in. This historic book may have numerous typos and missing text. Purchasers can download a free scanned copy of the original book (without typos) from the publisher. Not indexed. Not illustrated. 1914 Excerpt: . . . is a Species and K. Jordan, Novitates Zoologies;, 3, 3896. SHORTER ARTICLES AND DISCUSSION NABOURSS GRASSHOPPERS, MULTIPLE ALLELOMORPHISM, LINKAGE AND MISLEADING TERMINOLOGIES IN GENETICS In a review of Nabourss breeding experiments with grasshoppers, 1 Mr. Dexter makes a distinction between an interpretation of Nabourss and his own, where I fail to see a difference except in terminology. This is so typical of much recent Mendelian work that I am tempted to call attention to it. Nabours describes a cross between a female with characters BI and a male with characters CE and comments on the production of an individual with characters BEL He says, as quoted, that the female parent gave at least one gamete containing the factors for the patterns of both her parents (7 and 7) and that this double character gamete was fertilized by one of the E gametes which came from the...

Reviews

An incredibly wonderful ebook with perfect and lucid explanations. I really could comprehend every little thing using this written e publication. It is extremely difficult to leave it before concluding, once you begin to read the book.

-- **Tomas Flatley**

A high quality ebook as well as the typeface employed was exciting to read. It is actually loaded with wisdom and knowledge You wont sense monotony at at any moment of the time (that's what catalogues are for concerning when you request me).
