By Beverly Hill

Createspace Independent Publishing Platform, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.This book contains proven steps and strategies on how to take advantage of your green thumb, with rewards of financial freedom in mind. Plants have been environmental enhancers since time immemorial. They are one of humans primary connections to Mother Nature. At present, they have also taken the role as stress relievers, worthwhile hobby, and beginning in the 1970s, as promising business. Plantscaping, or the art of placing and arranging plants in spaces for aesthetic and division enhancement purposes, is an essential component of design and architecture nowadays, not only in residential homes, but also in commercial and institutional spaces. Malls, offices, and even hospitals have indoor plantscaping as an integral part of their floor plans and interior designs. Indeed, how pretty it would be if there are plants and trees to see, wherever you would be! In this book, readers will learn the basics of plantscaping business, from the plant species to types of designs to the rudiments of starting the biz. Included in the book are pictures of sample plant arrangements, as well as the plants themselves, that will make...
