He takes a fresh look at familiar topics and investigates what factors affect the optimal hitting experience. The question Tony poses is, how to make this both natural and effective? His ideas, experiences and influences come together into an important work which will challenge inquisitive players and thoughtful coaches to rethink some familiar concepts. While the G-spot is all pervasive in many of the discussions, Tony also throws in advice and innovative methods on such things as how to maximise the chances of lucky back corner nicks and the elimination of free shots. An interesting journey, challenging analysis and entertaining anecdotes make it a timely addition to squash instructional writing.
