Createspace Independent Publishing Platform, 2017. Paperback. Condition: New. Serebral 360 (illustrator). Language: English . Brand New Book ***** Print on Demand *****. The language in this book might offend some people. If it does make you feel uncomfortable, and you feel like something isn't quite right, while reading it, then great. You should feel uncomfortable. Feeling uncomfortable and out of your element is the first step in making a change. Often, growing requires an uncomfortable feeling. I intend for this book to serve as a handbook for tracking and documenting your progress. The end of this book will become the beginning of your progression to SUCCESS. You will find parts of this book to have somewhat of a vulgar-swing to it because SUCCESS Failure can be dirty, nasty, freaky things. The pain you will have to overcome is a bltch, but it's the sweetest thing you can experience in life, besides creating a new life. Reading this will prepare you to embrace what is thrown at you. SUCCESS is sexy as hell, the way it moves through time and carves out solid opportunities. We all want to get in bed with SUCCESS, we all have fallen in love with SUCCESS. However, before that relationship can really work, you have to date SUCCESS building blocks and prerequisites. You have to wine and dine all its predecessors, in order to make the long term relationship with SUCCESS work....
