OPEN UNIVERSITY PRESS, United Kingdom, 2011. Paperback. Condition: New. Language: English . Brand New Book. Dwyer critically analyses the political, economic, cultural, social, and technological factors that are shaping these changing media practices. There are examples of media convergence in everyday life throughout, including IPTV, VoIP and Broadband networks. The impacts of major traditional media players moving into the online space is illustrated using case studies such as the acquisition of the social networking site MySpace by News Corporation, and copyright issues on Google s YouTube....
