

The California Medical Marijuana Patients Book (Paperback)

By T Oliver

Createspace Independent Publishing Platform, United States, 2013. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.This project was born to give you up-to-date, instant answers. It s your one-stop resource. We ve all heard the myths that marijuana is bad for us, that it s a gateway drug, that it leads to a life of addiction and that it s unsafe. Marijuana is actually less addictive than caffeine and safer than over-the-counter painkillers. America is finally discovering the wonders of this natural medicine! Over 17 states have passed medical marijuana laws, two states have already fully legalized it, and more are expected to follow. This comprehensive reference works as a great introduction to those new to marijuana, and a supplementary reference for more experienced users. This is information that every patient should know. Avoid hundreds of boring pages filled with science and legal jargon and get to the answers. This concise guide includes sections covering legal issues, doctors, health, growing, clubs, and more. This book details the different forms of marijuana (buds, edibles, concentrates, and more), how they are used and consumed, and their different qualities and effects. You will find important information on local...
