Createspace Independent Publishing Platform, United States, 2014. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.The word Zodiac means animals; it s referring to the patterns or rather configurations of animals that are seen in the stars. There is a body called the Zodiac belt, and it is the circle that our sun moves through month by month as the year goes along. It is said that the sun transceiver the energy, transmitting its celestial radiations to the Earth. There are twelve zodiacs, and they are considered to be active and passive, masculine and feminine, as well as positive and adverse. The zodiacs are balanced, and they have strong signs known as Aries, Gemini, Leo, Libra, Sagittarius, as well as Aquarius. When you re looking at what are considered to be feminine signs, there is Taurus, Cancer, Virgo, Scorpio, Capricorn, and Pisces. That doesn t mean that every Aries is making and that every Scorpio is female, but that they are considered to have the properties more masculine natures and feminine natures. Everyone has a zodiac sign, and that sigh has meaning that affects the relationships we re in, including dating, our experience in the...
