Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Golden Songs of the Golden State In preparing this collection of verse for publication, I have had two purposes: first, to make an interesting book - the ancient and ever-living purpose of all makers of good literature - and second, to give to all who may desire it a volume of poems that sing and celebrate the traditions, the life, and the natural beauty of one of the greatest commonwealths in the union. The romance and hardship, the gayety and the heroism of the days of the padres and the later pioneers, the adventurous dash and flare of the forty-niners, the rich, golden health and prosperity of all the days that have followed the pioneer - period all these things are most vivid and colorful history and tradition and have had no small part in creating for Californians that heritage of naive and fierce affection - belligerent devotion to their commonwealth and its life and customs - by which they are known and with which they startle the quieter and cooler hearts of men and women of more staid and sober states. All of these things have inspired California poets and visiting poets, as readers of the following pages will know.
