THE CYCLONE WARS (PAPERBACK)

Createspace Independent Publishing Platform, 2012. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Annie Reid and Perky Whittier are two girls just trying to make their own ways in a post-apocalyptic world where technology and big cities have been destroyed by global war, called; The War of the East and West. There are also war-walkers, occubots, warbots, nomads, rovers and combat model Y chromosome clone soldiers called Cyclones. When all hell breaks loose, two girls must find a way to strike back, to fight for the people they love and the lives they have come to know. Given the opportunity, a host of leftover technology from before The War of the East and West, and a wealth of human spirit, the two girls and the people they come to know make their...
