Reviews

This published book is wonderful. It is really simplified but unexpected situations within the fifty percent of the ebook. Once you begin to read the book, it is extremely difficult to leave it before concluding.

DUCK STAMP DATA: BACKGROUND AND TECHNICAL INFORMATION FOR COLLECTORS (CLASSIC REPRINT) (PAPERBACK)

Forgotten Books, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from Duck Stamp Data: Background and Technical Information for Collectors When the Bureau of Sport Fisheries and Wildlife, Fish and Wildlife Service, launched a special campaign in March 1960 to raise funds for the purchase of wetlands for migratory waterfowl by a post season sale of the 1959 - 60 issue of Federal duck stamps, this series of annual revenue stamps was brought into national focus. Although the 4-month campaign, designed to bolster sales that had declined during the regular hunting season, was aimed primarily at duck hunters and conservationists, it aroused widespread interest among stamp collectors, many of whom had not previously collected duck stamps. Numerous requests have been received from collectors for background information on these stamps. This booklet has been prepared to answer such inquiries as well as the many received from regular collectors for philatelic data.
