A very amazing publication with perfect and lucid information. We have read through and that i am certain that i will planning to study once more yet again in the future. You will not really feel monotony at anytime of the time (that's what catalogues are for about should you question me).

THIS Book shews to the initiated knowledge, but intensifies the ignorance of the vulgar. It is the book of honouring, increasing riches, and the book of the needy, putting to flight poverty. It is the book of confidence and truth, full of counsel for kings and of teaching for prelates, a book useful for sainted men, who wish to live unspotted of sin; a secret book, the Book of the Gift of God, to chosen men a pathway of true hope, a strength to those constant in firm faith, and who unwaveringly believe in my words. Alchemy is sought by the false and the true by false seekers without number, but they are rejected. Many are aflame with the desire of gain, but amongst a thousand thousand scarce three are chosen. There are many called to knowledge, noble and poor, learned and ignorant, but they will not submit to toil, or await the time; they do not attain to the goal because they are ungrateful. The Book of our Art is clear as light to the sons of knowledge, to whom God has freely given to understand this matter. Only let them believe this prophetic saying; to the thankful all flows forth from the fount of Divine love. This item ships from La Vergne, TN. Paperback.
