Reviews

It is one of the best publications. It is definitely simplistic but exciting in the 50% in the ebook. I am very happy to let you know that this is basically the greatest publication I have ever gone through within my own existence and could be the greatest PDF for ever.

Excerpt from The Influence of Inventions Upon Civilization: A Paper Read Before the Chiefs and Commissioners of the Several Bureaus of Labor Statistics in the United States, in Boston, June 20, 1885 I am not unmindful, in making this statement, Of the great changes that followed the introduction of the Christian religion, or the advent of Mohammed and the rise Of his religion, Of the consequences which followed the establishment Of great empires like that of Charlemagne, or Of the results Of geographical discovery, as in the discovery Of America or Of the passage to India. I am well aware Of the difficulty Of comparing the magni tude or importance of such things, for instance, as the art Of printing, the steam-engine, or the railway or telegraph, with a new form of religion or the establishment or over throw Of an empire, or the introduction of new forms Of government. One man may attach much higher importance to some Of these things than another would do, and a very much higher importance to them at one period of his life than at another. It may seem absurd to some persons to make any com parison, for instance, between the benefits ?owing from the introduction of Sabbath schools and those which have fol lowed the invention Of friction matches between the results due to the invention Of spectacles and the consequences which followed the reformation. And yet it is easy to see that each of these things must have had an important in? uence upon the physical, social, and moral condition Of men, upon their habits Of thought and Of living, and upon their comfort and happiness. There is, therefore, some just rela...
