Forgotten Books, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from Financial Influences on Airline Safety Despite substantial media attention, however, there has been relatively little scientific research on possible links between deregulation and safety conditions in the airline industry. Graham and Bowes (1979) investigate the link between firms financial conditions and their accident rates, maintenance expenditures, and service complaints; Golbe (1986) analyzes the relation between accidents and profitability. Both studies use pre-deregulation data; neither finds much support for the argument that reduced profitability lowers airlines safety performance. Advanced Technology (1986) analyzes bivariate correlations between financial measures and carriers About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books.
