Bibliogov, United States, 2013. Paperback. Book Condition: New. 246 x 189 mm. Language: English . Brand New Book ***** Print on Demand *****.In June 2009, the House passed H.R. 2454, the American Clean Energy and Security Act of 2009. In September 2009, Senator Kerry introduced S. 1733, the Clean Energy Jobs and American Power Act, which was referred to the Senate Committee on Environment and Public Works. The committee completed markup of the bill on November 5, 2009, by approving Senator Boxer s Manager s Amendment as a substitute, and ordered S. 1733 reported. Both the House and Senate bills would establish a cap-and-trade system to regulate greenhouse gas (GHG) emissions, as well as address energy efficiency, renewable energy, and other energy topics. Among other provisions, both bills would require major reductions in GHG emissions from entities comprising roughly 85 of current U.S. GHG emissions. Covered sectors would include electricity production, natural gas distribution, petroleum refining, and industrial sectors. These and related bills and issues are currently being debated in Congress.
