

His Master Plan

By Inece Hughes

Xlibris, Corp. Paperback. Condition: New. 108 pages. Dimensions: 9.0in. x 6.0in. x 0.2in. This is the story of a talented athlete, Brendon Hughes, who had a heart condition that had not been detected. As a result of strenuous exercise, playing football, baseball, basketball, and track, he suffered a fatal heart attack. After Brendon's death, I felt compelled to write this book for the sole purpose of being an inspiration to others who may have suffered a loss such as ours. Death is always difficult to deal with especially if it is the death of a young person. It is always a comfort to know that we are not alone in our pain, and there are other people that have experienced the same thing. I sincerely hope that this personal account, which is written from the heart, will be a help to everyone who reads it. This item ships from multiple locations. Your book may arrive from Roseburg, OR, La Vergne, TN. Paperback.
