By Tunde Atunrase

Createspace Independent Publishing Platform, 2015. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. I admire the lengths and considerable expense gone to in developing the content of this book. Since 1460 BC, UFOs have been documented and recorded by witnesses all over the world. What are these mysterious objects of unknown origin? Where do they come from and more importantly...why are they here? This book provides some answers to these and many other questions using Remote Viewing - A psychic functioning protocol developed by the U.S. Military and supported by the US Government and numerous intelligence agencies including the CIA, to the tune of \$20 Million USD for over 22 years. Read exclusively for the first time what a former U.S Military Intelligence Officer and arguable the world's top Remote Viewer, Joseph W. McMoneagle discovered when tasked double...
