

Leonardo da Vinci's Giant Crossbow

By Matthew Landrus

Springer-Verlag Gmbh Jul 2010, 2010. Buch. Condition: Neu. Neuware - Although Leonardo's Giant Crossbow is one of his most popular drawings, it has been one of the least understood. 'Leonardo's Giant Crossbow' offers the first in-depth account of this drawing's likely purpose and its highly resolved design. This fascinating book has a wealth of technical information about the Giant Crossbow drawing, as it's a complete study of this project, though this is as accessible to the general audience as much as it is also informative with new discoveries for the professors of engineering, technology and art. The book explores the context of Leonardo's invention with an examination of the extensive documentary evidence, a short history of the great crossbow and ballista, the first accurate translation of the text and the technical specifications, and a detailed analysis of Leonardo's design process for the crossbow, from start to finish. Dozens of preparatory drawings, along with the recent discovery of nearly invisible metal stylus preparatory incisions under the ink of the Giant Crossbow drawing, are evidence of Leonardo's intent to offer engineers and other viewers a thorough design of the massive machine. The book proposes these new discoveries with the help of a...
