Organisation for Economic Co-Operation and Development/The World Bank, Paperback. Condition: New. This item is printed on demand. 234 pages. This 2010 edition of OECDs periodic review of Chinas economy finds that Chinas spectacular expansion has continued in recent years, making for impressive improvements in living standards. The slowdown associated with the global financial and economic crisis was contained by massive fiscal and monetary policy stimulus, which has boosted domestic demand. This survey includes chapters on recent achievements and prospects, monetary policy, financial reforms, product market regulation and competition, inequality, the labour market, old-age security and the health care system. Table of Content : Basic Statistics of China Executive summary Assessment and recommendations Chapter 1. Achievements, prospects and further challenges -Keeping up robust growth -Weathering the global crisis -The social policy challenge Chapter 2. Further monetary policy framework reform -Monetary policy has come a long way -The modus operandi of the PBoC -The influence of the PBoC on the interbank market -How responsive is bank lending to money market conditions -The way forward for interest rate reform -How sensitive is the real economy to interest rate changes -Do changes in aggregate demand influence inflation in China -Chinas exchange rate regime -The benefits of moving towards a flexible inflation target Chapter 3. Progress on financial reforms an update -Financial reforms have accelerated and broadened since 2005 -Banking reforms are coming to fruition -Capital market development is accelerating on a firmer foundation -Greater priority is being given to credit access for underserved segments -The financial system is gradually opening up internationally -Conclusions and recommendations Chapter 4. Product market regulation and competition -Product market regulation has been transformed but could be improved further -The OECDs PMR indicators -Product market regulation is still restrictive in China -But competition is increasingly robust in most markets -SOE...
