SECRET PROPHECY OF FATIMA REVEALED

Inner Light - Global Communications. Paperback. Condition: New. 162 pages. Dimensions: 10.7in. x 8.4in. x 0.5in. What is the secret prophecy of Fatima? On May 13, 1917 a luminous apparition of the Virgin Mary appeared to three peasant children and delivered a prophecy that would change the world. The Three Secrets of Fatima consist of a series of visions and prophecies allegedly given by the Blessed Virgin Mary. According to the most popular interpretation, the three secrets involve Hell, World Wars I and II, and a prophecy that has never been publicly revealed. The Virgin Mary has appeared over 300 times this century to provide warnings about the possible end of our era if we do not change our ways. This work takes a metaphysical approach and contains 1 pictures of many other Marian apparitions as experienced all over the globe. Some of these sightings of the woman in white as she is also known are very spectacular. Notes one reviewer: The prophecies of Fatima are almost as well known -- and respected -- as those of the famous French seer Nostradamus. In 1917 three children had repeated visions of the Virgin Mary in Portugal. They were given prophecies concerning World Wars I and II as well as the world wide spread of communism. But their third prophecy was not officially released until recently. . . and there are those who maintain that the real revelations were not disclosed by the church. This book not only reveals what the Third Secret Prophecy of Fatima may consist of; but also gives photographic proof that the Virgin Mary has appeared in over two hundred incidents in the last several decades. Arab terrorists UFOs End of the World The book is very readable and presented in an easy to understand format. It has a...
