Createspace Independent Publishing Platform, United States, 2011. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.5 Simple Rules for Investing in the Stock Market: The Simple But Powerful Long Term Stock Investment Strategy That Works In her third book about making finance simple and fun, savvy author Tracey Edwards lets you in on her 5 simple rules for investing in the U.S. stock market. These are the techniques that she personally used to be able to leave her full time job and live on her investments. She still continues to use them even during our current volatile market. This simple but powerful strategy will show you how to pick the best stocks that are likely to become true long term winners. You ll learn: * Which fundamental is the most important one to determine how well, financially, that the company is doing. (Even Warren Buffett agrees with this one). * How to find out quickly how much debt that the company is holding so you can avoid any potential disasters. * See at a glance whether the company has positive earnings growth. * Find out if the stock is currently trading at a fair price and when you should buy and sell. * How to invest for the dividend income by choosing high yield stocks with good growth. This quick read contains just the facts and no fluff (she get s straight to the point and tell s you exactly what to do), and you can even see which stocks within the Dow Jones Industrial Average index fit all her five rules. You ll learn how to quickly and simply find the winning stocks so that you can profit from the stock market. Who said investing in the stock market was hard?.
