Reviews

It is one of the most popular books. I am quite late in starting to read this one, but better than never. Once you begin to read the book, it is extremely difficult to leave it before concluding.

Financial World Publishing, United Kingdom, 2008. Paperback. Condition: New. 2nd Revised edition. Language: English . Brand New Book. Timing the Market explains how to use technical analysis to trade in the stock, bond and commodity markets. One of the best written, most accessible books on the subject, this new edition has been fully revised and now contains an enlarged section on commodities. Curtis Arnold discusses all the major technical indicators and shows how to put them together in order to provide excellent buy and sell signals in any market. He shows how to identify market support, resistance and momentum and how to determine market sentiment. Timing the Market is one of the great investment classics and is being republished in this revised edition after being unavailable for many years.
