ORGANIC FARMING AND MARKETING IN INDIA

Condition: New. Publisher/Verlag: LAP Lambert Academic Publishing | The Use of Eco-friendly Neem Pesticides for Organic Agriculture | The Green Revolution technologies enhance use of chemical pesticides and fertilizers in India; they make the country self-sufficient. However, it negatively affects farmers health and the environment, and causes instability of agriculture production. The Neem pesticide, one of the most affordable eco-friendly organic pesticides, is considered to be one of the best alternatives to chemical pesticides although the adoption rate is still...
